In June 2025, a call for expression of interest for requesting an extension for the PhD thesis presentation deadline with financial coverage was published to the attention of CLOE ESRs.

It was recalled that, according to University of Genoa PhD regulations (D.R. n. 2340 of 27.05.2022), it is possible to request an extension, upon acceptance by the Doctoral Course Board.

Within the framework of the MSCA COFUND CLOE project, funded by the EU with GA No. 101034449 and co-funded by the Compagnia di San Paolo Foundation, it resulted possible to (partially) finance the extension period with a research grant in line with the mobility program.

The funds available to cover possible extensions totalled 9 months.

Since five extension requests were received, exceeding the available resources, this Commission, evaluated the needs based on the following criteria and determined the actual coverage of the extension:

- Appropriate scientific motivation (theoretical and/or experimental integration needs) of the request of additional months to conclude the PhD project (maximum 1500 characters) (up to 15 points)
- Appropriate organizational motivation (training and/or secondment integration needs) of the request of additional months to conclude the PhD project (maximum 1500 characters) (up to 15 points)

Following the review of the five ESRs' applications, the Committee formulated the following score table, which leads to the allocation of funds indicated in the last column:

ESR	ESR Resources request [months]	Scientific motivation [points]	Organizational motivation [points]	Allocated resources [months]
Priscilla Niyokwiringirwa	3	15	12	2
Muhammad Asim Amin	3	14	13	2
Coline Pacton	7	11	12	2
Laura Gago-Chorén	2	15	14	2
Eltjana Shkreli	2	11	10	1

Following this unanimous decision, the meeting was closed.

Genoa, 29th July 2025
